Publication Information

This Full Issue is brought to you for free and open access by the Agricultural Experiment Station at Wyoming Scholars Repository. It has been accepted for inclusion in Wyoming Agricultural Experiment Station Bulletins by an authorized administrator of Wyoming Scholars Repository. For more information, please contact scholcom@uwyo.edu.
UNIVERSITY OF WYOMING
AGRICULTURAL EXPERIMENT STATION

INDEX BULLETIN G
MAY, 1932

Indexing Bulletins Nos. One Hundred Twenty-Two to One Hundred Eighty-Seven, Inclusive.
Annual Reports Nos. Thirty to Forty-One, Inclusive
Circulars Nos. 16 to 25, Inclusive.
State Farms Bulletins 1 to 7, Inclusive.

Bulletins will be sent free upon request.
Address: Director of Experiment Station, Laramie, Wyoming.
UNIVERSITY OF WYOMING
Agricultural Experiment Station
LARAMIE, WYOMING

BOARD OF TRUSTEES

Officers
WILL M. LYNN, President
FRED W. GEDDES, Treasurer
WALLACE C. BOND, Vice President
FAY E. SMITH, Secretary
E. O. FULLER, Fiscal Agent

Executive Committee

A. M. CLARK, Acting Governor of Wyoming, Ex Officio
KATHARINE A. MORTON, State Superintendent of Public Instruction, Ex Officio
A. O. CRANE, Ph.D., President of the University, Ex Officio

STATION STAFF

Administration:
A. G. CRANE, Ph.D., President.
J. A. HILL, B.S., Dean of College of Agriculture, Director of Station.
W. L. QUAYLE, B.S., Director Experiment Farms.
JANE M. NEAL, Station Clerk.

Agronomy and Agricultural Economics:
A. F. VASS, Ph.D., Agronomist.
GLEN HARTMAN, M.S., Asso. Agronomist.
"T. J. DHUENEWALD, M.S., Asst. Soil Investigations.
HARRY PEARSON, B.S., Asst. Economist.
W. A. RIEDL, B.S., Asst. Agronomist.
M. REINHOLT, Asst. Field Economist.

Animal Production:
FRED S. HULTZ, Ph.D., Animal Husbandman, Beef Cattle.

Apiculture and Entomology:
C. L. CORKINS, M.S., Research Associate Entomologist and Apiculturist.
A. P. STURTEVANT, Ph.D., Associate Apiculturist, in charge U. S. Bee Culture Field Station.
C. L. FARRAR, Ph.D., Associate Apiculturist.

*On leave in cooperation with U. S. Dept. of Agriculture.
†Deceased.

Botany:
Aven Nelson, Ph.D., Botanist and Horticulturist.

Chemistry:
O. A. BEATH, M.A., Station Chemist.
O. C. McCREARY, Ph.D., Associate Chemist.
J. H. DRAIZE, Ph.D., Asst. Pharmacologist.
H. F. EPPSON, M.S., Asst. Chemist.

Home Economics:
ELIZABETH J. McKittrick, M.S., Home Economics.
EMMA J. THIESSEN, M.A., Asst. Home Economics.

Library:
MARY E. MARKS, B.L.S., Librarian.

Veterinary Science and Bacteriology:

Weather:
FRANK E. HEIPNER, M.S., Head of Weather Station.

Wool:
J. A. HILL, B.S., Wool Specialist.
ROBERT H. BURNS, Ph.D., Asst. Wool Specialist.

Zoology:
JOHN W. SCOTT, Ph.D., Zoologist and Parasitologist.

JANE M. NEAL

LIST OF ALL BULLETINS AND

ANNUAL REPORTS

*Bulletin No. 1.—May 1891. The Organization and Proposed Work of
the Station. D. McLaren.

*Bulletin No. 3.—November, 1891. The Sugar Beet in Wyoming. D.
McLaren and E. E. Slosson.

*Bulletin No. 4—December, 1891. Meteorology for 1891. B. C. Buffum.

*FIRST ANNUAL REPORT, 1891—D. McLaren.

General Statement regarding Station Work, with Bulletins Nos. 1
to 4, inclusive.

*Bulletin No. 5—February, 1892. Best Varieties and Breeds for Wyo-

*Bulletin No. 6—May, 1892. Soils of the Agricultural Experiment Farms.
Relations of Geology and Chemistry to Agriculture. J. D. Conley. Analyses of the Soils of the Experi-
ment Farms. E. E. Slosson.

*Bulletin No. 8—October, 1892. Irrigation and Duty of Water. B. C.
Buffum.

*Bulletin No. 9—December, 1892. Sugar Beets in 1892. E. E. Slosson.

*SECOND ANNUAL REPORT, 1892. A. A. Johnson.

General Statements, with Bulletins Nos. 5 to 10.

and F. J. Niswander.

*Bulletin No. 12—April, 1893. Ground Squirrels (Gophers). F. J. Nis-
wander.

W. A. Henry, University of Wisconsin. (Reprint
by permission.)

*Out of print.
Wyoming Agricultural Experiment Station

*THIRD ANNUAL REPORT, 1893. A. A. Johnson.
Progress of Station Work, with Bulletins Nos. 11 to 16.

*Bulletin No. 18—June, 1894. I. Reclamation of Arid Lands. II. The Harvey Water Motor. A. A. Johnson.

*Bulletin No. 19—September, 1894. Squirrel-Tail Grass (Fox-Tail); One of the Stock Pests of Wyoming. Aven Nelson.

*FOURTH ANNUAL REPORT, 1894. A. A. Johnson.
Reports from the Departments, with Bulletins Nos. 17 to 20.

*FIFTH ANNUAL REPORT, 1895. A. A. Johnson.

*Bulletin No. 27—March, 1896. Meteorology for 1895, and Notes on Climate from 1891 to 1896. J. D. Conley.

*Out of print.
Index Bulletin G

*SIXTH ANNUAL REPORT, 1896. F. P. Graves.
Reports from Departments. Bulletins Nos. 27 to 31, inclusive.

*SEVENTH ANNUAL REPORT, 1897. F. P. Graves.

*EIGHTH ANNUAL REPORT, 1898. F. P. Graves.
General Outline of Work and Reports from Members of Station Staff, including Bulletins Nos. 34 to 37, inclusive.

*NINTH ANNUAL REPORT, 1899. E. E. Smiley.
General Outline of the Work of the Agricultural College, with Departmental Statements.
Report of the Director of the Experiment Station and of the Members of the Station Staff.
Alkali Studies, III. B. C. Buffum.
Alkali Studies, IV. E. E. Slosson.
Bulletins Nos. 38 to 40, inclusive, and Index Bulletin B of Bulletins Nos. 27 to 37, inclusive.
*Bulletin No. 44—April, 1900. Alfalfa as a Fertilizer. B. C. Buffum.

*Out of print.
TENTH ANNUAL REPORT, 1900. E. E. Smiley.

General Outline of the Work of the Agricultural College, with Departmental Statements.
Report of the Director of the Experiment Station and of the Members of the Station Staff.
Alkali Studies, V. B. C. Buffum and E. E. Slosson.
Distribution of Alkali in the Soil of the Experiment Farm. E. E. Slosson.
Water Measurements. B. C. Buffum.
Germination of Wheat and Oats Treated for Smut.
Bulletins Nos. 41 to 45, inclusive.

Bulletin No. 47—April, 1901. Lamb Feeding Experiments. Luther Foster.

ELEVENTH ANNUAL REPORT, 1901. E. E. Smiley.

Report of the Director of the Experiment Station and of the Members of the Station Staff, and Summaries of Bulletins 46 to 49, inclusive.

Bulletin No. 52—April, 1902. Experiment in Evaporation. C. B. Ridgaway.

TWELFTH ANNUAL REPORT, 1902. E. E. Smiley.

Report of the Director of the Experiment Station, including Press Bulletins Nos. 1 to 11 (New Series), inclusive, and Reports of the Members of the Station Staff and Summaries of Bulletins 50 to 53, inclusive.

*Out of print.

*THIRTEENTH ANNUAL REPORT, 1902-3. B. C. Buffum.
Reports of the Director of the Experiment Station and Members of the Station Staff, including five Press Bulletins (New Series), Nos. 12 to 16, inclusive, and outlines of Index Bulletin C and Bulletins Nos. 54 to 58, inclusive.

*FOURTEENTH ANNUAL REPORT, 1903-4. B. C. Buffum.
Reports of the Director of the Experiment Station and Members of the Station Staff, including Outlines of Bulletins Nos. 59 to 62, inclusive, and The Ranchman’s Reminder.

*FIFTEENTH ANNUAL REPORT, 1904-5. B. C. Buffum.
Reports of the Director of the Experiment Station and Members of the Station Staff, including Outlines of Bulletins Nos. 63 to 66, inclusive; the Fourteenth Annual Report, and The Ranchman’s Reminder.

*Out of print.
SIXTEENTH ANNUAL REPORT, 1905-6. B. C. Buffum.
Reports of the Director of the Experiment Station and Members of the Station Staff, including Outlines of Bulletins Nos. 67 to 70, inclusive.

Index Bulletin D—July, 1907, Indexing Bulletins 54 to 75.

Reports of the Director of the Experiment Station and Members of the Station Staff, including Outlines of Bulletins Nos. 71 to 75, inclusive, The Ranchman's Reminder, and Index Bulletin D.

EIGHTEENTH ANNUAL REPORT, 1907-8. J. D. Towar.
Reports of the Director of the Experiment Station and Members of the Station Staff, including Outlines of the Seventeenth Annual Report, Bulletins 75 to 78, Index Bulletin D, and The Ranchman's Reminder.

NINETEENTH ANNUAL REPORT, 1908-9. J. D. Towar.
Report of the Director of the Experiment Station and Members of the Station Staff, including Outlines of Bulletins 79 to 82.

Out of print.
TWENTIETH ANNUAL REPORT, 1909-10. J. D. Towar.
Reports of the Director of the Experiment Station and Members of the Station Staff.
*Bulletin No. 87—February, 1911. Wyoming Forage Plants and Their Chemical Composition—Studies No. IV. Henry G. Knight, Frank E. Hepner, and Aven Nelson.

Reports of the Director of the Experiment Station and Members of the Station Staff, including Summaries of Bulletins 86 to 88, and as a supplement, Studies on the Strength and Elasticity of the Wool Fiber, No. 1. The Probable Error of the Mean, by J. A. Hill, Wool Specialist.
*Bulletin No. 91—December, 1911. The relation of the Sheep-Tick Flagellate (Crithidia melophagia) to the Sheep’s Blood. Leroy D. Swingle.

*TWENTY-SECOND ANNUAL REPORT, 1911-12. H. G. Knight.
Reports of the Director of the Experiment Station and Members of the Station Staff, including Summaries of Bulletins 90 to 93, and Press Bulletins 1 to 4 in full.
*Bulletin No. 95—September, 1912. I. A Comparison of Cotswold and Southdown Grade Lambs. II. Fattening Rations for Aged Ewes. A. D. Faville.
*Bulletin No. 96—October, 1912. Ration Experiments with Swine. I. (a) Rape vs. Pea Pasture for Fattening Pigs; (b) Alfalfa Meal vs. Middlings as Corn Supplement. II. (a) Rape vs. Pea Pasture for Brood Sows; (b) Alfalfa Hay for Brood Sows. A. D. Faville.

*Out of print.
Reports of the Director of the Experiment Station and Members of the Station Staff, including Summaries of Bulletins 95 to 98, and Press Bulletins 5 to 12 in full.
*Bulletin No. 100—September, 1913. Meteorology for Twenty Years. H. G. Knight and J. C. Fitterer.

TWENTY-FOURTH ANNUAL REPORT, 1913-1914. H. G. Knight.
Reports of the Director of the Experiment Station and Members of the Station Staff, including Summaries of Bulletins 99 to 102, and Press Bulletin 13 in full, a Paper on the Transmission of Swamp Fever, by J. W. Scott, and the Meteorological Summary.
Index Bulletin E—March, 1915. Indexing Bulletins 76 to 98 and Annual Reports 18 to 23, inclusive.

Reports of the Director of the Experiment Station and Members of the Station Staff, including Summaries of Bulletins 103 to 105 and Index Bulletin E, and Three Special Articles—A Progress Report on Sarcocystis Tenella, by John W. Scott; Branding Paints, by A. D. Faville; One Instance of the Occurrence of Tuberculosis Among Wyoming Cattle and Its Significance, by O. L. Prien, and the Meteorological Summary.

*Out of print.
Index Bulletin G

Reports of the Director of the Experiment Station and Members of the Station Staff, including Summaries of Bulletins 106 to 109, and the Meteorological Summary.

*Bulletin No. 111—December, 1916. Alfalfa in Wyoming. T. S. Parsons,

Reports of the Director of the Experiment Station and Members of the Station Staff, including Summaries of Bulletins 110 to 113, and Three Special Articles—Cut Worms, How Can They be Controlled? by J. W. Scott; Alkali and Weathering Studies with Wool, by J. I. Hardy; Permanent Pastures and Meadows, by T. S. Parsons, and the Meteorological Summary.

Reports of the Director of the Experiment Station and Members of the Station Staff, including Summaries of Bulletins 114 to 117, Two Special Articles—A Progress Report on Sarcocystis Tenella. II. Seasonal Infection, by J. W. Scott; Wyoming Forage Plants and Their Chemical Composition, Studies No. 5, by F. E. Hepner, and the Meteorological Summary.

*Bulletin No. 120—June, 1919. The Chemical Examination of Three Species of Larkspurs. O. A. Beath.

*Out of print.
TWENTY-NINTH ANNUAL REPORT, 1918-1919. A. D. Faville.
Reports of the Director of the Experiment Station and Members of
the Station Staff, including a special report on "The Effects of Some of the Most Common Sheep Dips on Wool," by J. I. Hardy, and the Meteorological Summary.

*Bulletin No. 122—December, 1919. Effect of Alkali Upon Portland
Cement. II. Karl Steik.

*Bulletin No. 124—June, 1920. Sarcocystis Tenella. John W. Scott and
Earl C. O'Roke.

*Index Bulletin F—Indexing Bulletins 91 to 121, Annual Reports 24 to 29 and Circulars 13 to 15.

THIRTIETH ANNUAL REPORT, 1919-1920. A. D. Faville.
Reports of the Director of the Experiment Station and Members of
the Station Staff, including Summary of Bulletin No. 117, Financial Statement of the Treasurer, and the Meteorological Report.

*Bulletin No. 126—March, 1921. Poisonous Plants of Wyoming. O. A.
Beath.

*Bulletin No. 128—June, 1921. Homegrown Feeds for Range Steers. F.
A. Hays.

*Bulletin No. 129—June, 1921. Sunflowers, Their Culture and Use. A. F.
Vass.

Report of the Director of the Experiment Station and Members of
the Station Staff, including Financial Statement of the Treasurer and the Meteorological Report.

*Bulletin No. 130—January, 1922. Native Feeds for Fattening Lambs. F.
A. Hays.

Hill.

THIRTY-SECOND ANNUAL REPORT, 1921-1922. J. A. Hill.
Reports of the Acting Director of the Experiment Station and Members of the Station Staff, including Financial Report of the Treasurer and the Meteorological Report.

Hultz and Lew P. Reeves.

*Out of print.

Reports of the Director of the Experiment Station, including Summaries of Bulletins 135 and 136, Financial Report of the Treasurer, and the Meteorological Report.

THIRTY-FOURTH ANNUAL REPORT, 1923-1924. J. A. Hill.

Bulletin No. 143—June, 1925. Chemical Examination of Three Delphiniums. O. A. Beath.

THIRTY-FIFTH ANNUAL REPORT, 1924-1925. J. A. Hill.
Reports of the Director of the Experiment Station, including Summaries of Bulletins 140 to 143, Financial Report of the Treasurer, and the Meteorological Report.

*Bulletin No. 146—June, 1926. Wyoming Forage Plants and Their Chemical Composition—Studies No. 7. E. N. Roberts.

THIRTY-SIXTH ANNUAL REPORT, 1925-1926. J. A. Hill.
Reports of the Director of the Experiment Station, beginning work under the Purnell fund, including Summary of Bulletins 144 to 147, Financial Report of the Treasurer, and the Meteorological Report.

*Out of print.
Wyoming Agricultural Experiment Station

THIRTY-SEVENTH ANNUAL REPORT, 1926-1927. J. A. Hill.
Reprints of the Director of the Experiment Station, including Summaries of Bulletins 147 to 155, Financial Report of the Treasurer, and the Meteorological Report.

Bulletin No. 158—April, 1928. The Use of Calcium Cyanide in the Apiary. C. L. Corkins.

Reports of the Director of the Experiment Station, including Summaries of Bulletins 156 to 159, Financial Report of the Treasurer, and the Meteorological Report.

Bulletin No. 163—March, 1929. Results with Tree Planting at the Sheridan Field Station. R. S. Towle.

Reports of the Director of the Experiment Station, including Summaries of Bulletins 160 to 166, Financial Report of the Treasurer, and the Meteorological Report.

*Out of print.
Index Bulletin G

FORTIETH ANNUAL REPORT, 1929-1930. J. A. Hill.

Reports of the Director of the Experiment Station, including Summaries of Bulletins 167 to 172, Financial Report of the Treasurer, and the Meteorological Report.

FORTY-FIRST ANNUAL REPORT, 1930-1931. J. A. Hill.

Reports of the Director of the Experiment Station, including Summaries of Bulletins 171, 173 to 180, Financial Report of the Treasurer, and the Meteorological Report.

*Out of print.
Wyoming Agricultural Experiment Station

PRESS BULLETINS
(Out of Print)

FIRST SERIES*

No.
1. Russian Thistle.
2. Seed Distribution.

SECOND SERIES†

No.
1. Feeding Value of Wheat.
2. Results of Lamb Feeding at the Wyoming Experiment Station.
3. Alfalfa.
4. Turkeys in Wyoming.
5. What is a Maintenance Ration for a Horse?
6. The Effect of Different Amounts of Water Used in Irrigation Upon the Yields of Potatoes.
7. Management and Improvement of the Range.
8. What Ails the Chickens?
10. Maintenance Ration for Driving Horse.
11. External Parasites of Sheep.
14. To the Grocers, Druggists and Saloonkeepers of Wyoming.
15. How to Prevent Smut in Grain.
16. Potato Disease and Treatment of Seed.

THIRD SERIES‡

Issued Since January, 1912

No.
1. Flockmasters, Warning! Shun the Woody Aster Patches.
2. Suggestions to Potato Growers on Irrigated Lands.
3. Alfalfa Leaf Weevil.
4. Watch Your Potatoes.
5. Pasture Crops for Pigs.
6. Preparation of Lands for First Crops.
7. Treatment of Loose and Stinking Smut.
8. Formaldehyde Treatment for Grain and Potatoes.
9. Importance of Proper Seed.
11. Extermination of Prairie Dogs and Gophers.
12. State and County Fairs.
13. Plant Enemies.

*Nos. 1, 2 and 3 appear in the 5th, and No. 5 in the 7th Annual Reports of the Station. No record can be found of a No. 4 in this series.
†The first eleven of this series appear in the 12th, and the rest in the 13th Annual Reports of the Station.
‡Nos. 1, 2, 3 and 4 appear in the 22nd, Nos. 5, 6, 7, 8, 9, 10, 11 and 12 in the 23rd, and No. 13 in the 24th Annual Reports of the Station. While all the Press Bulletins themselves are out of print, the Annual Reports containing some of them are still available for distribution.
Circular No. 4, published 1897, "Sugar Beet Experiments," by E. E. Slosson, may have been Press Bulletin No. 4, First Series, because there is no record of Press Bulletin No. 4 being published during that year.
CIRCULARS†

No.
*15. Legume Inoculation.

*Out of print.
†Circulak begin with No. 13 following the Press Bulletin series. Through an oversight, numbering started with 13 instead of 14. Circular No. 1, "Directions for Selecting Seed, Planting, Cultivating and Caring for the Potato Crop," by T. S. Parsons, was published in 1913. The numbering of this circular seems to bear no relationship to either the Press Bulletin or Circular series above.

STATE FARMS BULLETINS

No.

*Out of print.
†Published as Experiment Station Bulletin No. 148.
ALPHABETICAL LIST OF PUBLICATIONS
Issued by the Wyoming Agricultural Experiment Station and State Farms.

Legend: 
- B. = Wyoming Experiment Station Bulletin.
- C. = Circular.

Abortion Disease in Wyoming. C. 18.
Artificial Incubation at High Altitudes. B. 169.
Avian Type of Tuberculosis in Cattle: Injection and Testing. B. 136.

Bacterial Wilt of Alfalfa. B. 177.
Barley Production and Varieties for Wyoming. B. 164.
Barley Tests at the Sheridan Field Station. B. 185.

Chemical and Pharmological Examination of the Woody Aster. B. 123.
Chemical Examination of the Silvery Lupine. B. 125.
Chemical Examination of Three Delphiniums. B. 143.
Climatological Data for Wyoming. B. 139.
Comparative Tests of the Caucasian with the Italian Race of Honeybees. B. 186.

Comparison of Corn Ensilage and Sunflower Ensilage for Dairy Cows. S.F. 3.

Dietary Studies of Farm Families in Albany and Lincoln Counties, Wyoming. B. 165.
Division of State Farms. S.F. 7.

Effect of Alkali and Weathering Upon the Wool of Range Sheep. B. 131.
Effect of Alkali on Portland Cement, II. B. 122.
Experimental Transmission of Swamp Fever or Infectious Anemia by Means of Secretions. B. 138.

Fallow for Small Grains. B. 150.
Feeding and Housing for Laying Hens. B. 149.
Feeding Yearling Steers. C. 17.

Garbage for Fattening Pigs. B. 135.
Grain Mixtures Supplementary to Wyoming Native Hay for Milk Production. B. 182.

Homegrown Feeds for Range Steers. B. 128.

Insect Transmission of Swamp Fever or Infectious Anemia of Horses. B. 133.

Lessons from the University Dairy Herd. B. 160.
Lupine Studies II—The Silvery Lupine. B. 144.
Making Bread from Wyoming Flour. B. 162.
Metabolism of the Honeybee Colony During Winter. B. 175.
Metabolism of Honeybees in Winter Cluster. B. 187.
Methods of Spring Wheat Tillage. B. 173.
Mexican Bean Beetle. B. 176.
Micrometer Caliper as an Instrument for Measuring the Diameter of Wool Fibers. B. 141.

Native Feeds for Fattening Lambs. B. 130.

Poisonous Plants of Wyoming. B. 126.
Range and Ranch Studies in Wyoming. B. 147.
Range Sheep Production on the Red Desert and Adjoining Areas. B. 156.
Regain of Unwashed Wool. B. 132.
Results with Tree Planting at the Sheridan Field Station. B. 163.
Rocky Mountain Head Lettuce. C. 19.

Sarcocystis Tenella. B. 124.
Service of the State Experiment Farms. S.F. 5.
Shelterbelts and Fruits. B. 179.
Soil Problems of the Wheatland Project. B. 168.
Some Results from Agricultural Stations over the State from 1923 Report. S.F. 4.
Sterilization of Brood Combs Infected with American Foulbrood. B. 166.
Studies in the Variation and Correlation of Fleeces from Range Sheep. B. 127.
Studies on Roup Vaccination in Chickens. B. 172.
Study of Potato Seed Treatment for Rhizoctonia Control. B. 152.
Sunflowers, Their Culture and Use. B. 129.
Surface Tension of Disinfecting Solution for American Foulbrood. B. 159.

Trees on the Farm. C. 20.
Tuberculosis of Fowls. B. 142.
Type in Two-Year-Old Beef Steers. B. 155.
Type of Beef Calves. B. 153.

Use of Calcium Cyanide in the Apiary. B. 158.

Varietal Tests with Wheat at the Sheridan Field Station. B. 171.
Vegetable Cookery at High Altitudes. B. 180.

Wintering Range Calves. B. 134.
Wool Studies with Rambouillet Sheep, No. II. B. 174.

Control of, B. 124: 91.

Experiments and results with, B. 124: 72-88.

Geographical distribution, B. 124: 71.

Relation to other animals, B. 124: 69-70.

Scott, John W.:

Experimental Transmission of Swamp Fever or Infectious Anemia by Means of Secretions, B. 138.

Insect Transmission of Swamp Fever, or Infectious Anemia of Horses, B. 133.

Scott, John W., and O'Roke, Earl C.:

Sarcocystis Tenella, B. 124.

Scrivner, L. H., Elder, Cecil, and Lee, A. M.:

Necrobacillosis of Calves (calf diphtheria), B. 183.

Seed treatment (legumes), C. 15.

Parasite, muscle, Sarcocystis, tenella, B. 124.

Production, history of, B. 156: 10-16.

Range, production on Red Desert and Adjoining Areas, B. 156.

Rank of Rambouillet, correlation between wave characteristics and rank of fleeces, B. 154: 116-119.

Studies with Hampshire. No. 1, B. 178.

Tick, eradication of, A.R. 35: 84.

Wool Studies with Rambouillet, B. 154.

Shelterbelts and fruits, B. 179.

Spacing, B. 179.

Shrubs, B. 179: 9.

Soil preparation, B. 179: 3-4.

Silage:

Sunflower, B. 129.

Silvery Lupine, B. 125; B. 144.

Chemical studies of, B. 144: 12-15.

Description of, B. 125: 101-104.

Feeding tests with sheep, A.R. 35: 81.

Isolation of crystalline hydrochloride, B. 125: 112.

Literature on, B. 125: 105.

Methods of extracting alkaloids in quantity, B. 125: 110.

Purification of alkaloids, B. 125: 111-112.

Relative proportion of seeds and pods, B. 144: 5-8.
Slender Psoralea, B. 126: 32-33.
Snowfall in the state, B. 139: 150.

Soil:
- Phosphorus, A.R. 41: 9.

Some Results from Agricultural Stations over the State from 1923 Report, S.F. 4.

Staff Changes:

State Farms Reports:
Service of, S.F. 4; S.F. 5; S.F. 7.
- Campbell County Experiment Farm, S.F. 5: 60; S.F. 7: 24.
- Cheyenne Experiment Farm, S.F. 7: 13; S.F. 5: 6.
- Fremont County Experiment Farm, S.F. 5: 49; S.F. 7: 28.
- Goshen County Experiment Farm, S.F. 5: 17; S.F. 7: 30.
- Lincoln County Experiment Farm, S.F. 5: 62; S.F. 7: 41.
- Niobrara County Experiment Farm, S.F. 5: 66.
- Sheridan County Experiment Farm, S.F. 5: 41; S.F. 7: 46.
- Sweetwater County Experiment Farm, S.F. 5: 56; S.F. 7: 54.
- Uinta County Experiment Farm, S.F. 5: 26; S.F. 7: 59.
- Washakie County Experiment Farm, S.F. 5: 34; S.F. 7: 68.

State Farms Improvements (See Improvements).

Steers, Range. Homegrown feeds for, B. 128.
Type of two-year-old beef, B. 155.

Steik, Karl:

Sterilization of Brood Combs Infected with American Foulbrood, B. 166.

Stormy days at Laramie, Wyoming, B. 139: 103.

Studies in Variation and Correlation of Fleeces from Range Sheep, B. 127.

Studies on Roup Vaccination in Chickens, B. 172.

Studies with Hampshire Sheep, No. 1, B. 178.

Study of Potato Seed Treatment for Rhizoctonia Control, B. 152.

Sunflowers, Adaptation, B. 129: 95.
- As silage, B. 129: 100.
- Chemical Composition of, B. 129: 92-93.
- Cultivation, B. 129: 99.
- Description, B. 129: 81.
- Feeding value, B. 129: 93-5.
- Planting, B. 129: 97.
Their culture and use, B. 129.
Yields, B. 129: 96-97.

Surface Tension of Disinfecting Solutions for American Foulbrood, B. 159.

Swamp Fever, Experiments with insect transmission of, B. 133: 61.
Features of disease, B. 133: 57-61.

Sweetman, Harvey L.:
Field Studies of the Physical Ecology of the Alfalfa Weevil, B: 167.
The Mexican Bean Beetle, B. 176.

Swine, Early and late farrowing, A.R. 35: 77.
Feeding experiments, A.R. 35: 77.
Garbage for fattening, B. 135.

Tapeworms of sheep (Moniezia expansa and Thysanosoma actinoides),
A. R. 35: 85.

Temperatures at Laramie, Wyoming, B. 139: 91-100.
Over the state, B. 139: 143-147.

Thiessen, Emma J.:
Vegetable Cookery at High Altitudes, B. 180.

Towle, R. S.:
Fallow for Small Grains, B. 150.
Oat Varieties for Northeastern Wyoming, B. 181.
Results with Tree Planting at the Sheridan Field Station, B. 163.
Varietal Tests with Wheat at the Sheridan Field Station, B. 171.

Towle, R. S., and Williams, R. M.:
Barley Tests at the Sheridan Field Station, B. 185.
Tree planting, results with, at Sheridan Field Station, B. 163.

Trees, B. 179; C. 20; C. 21; C. 22; C. 23; C. 24; C. 25.
Age to plant, B. 179: 4.
Care of, B. 179: 7.
Evergreen, B. 179: 6.
For Wyoming Farmers and Ranchmen, C. 21; C. 22; C. 23; C. 24; C. 25.
Planting, B. 179: 6-7; C. 21; C. 22; C. 23; C. 24; C. 25.
Results with planting, B. 163.
Shelterbelt spacings, B. 179: 5.
Soil preparation, B. 179: 3-4; C. 24; C. 25.
Trees on the Farm, C. 20.
Varieties, C. 21; C. 22; C. 23; C. 24; S.F. 4: 13.

Tuberculosis, B. (avian) injection of cattle, B. 140.
Causes and methods of infection, B. 142: 32.
Determining the presence of, B. 142: 37.
Intradermal tests, B. 142: 39.
Lesions and appearance of carcass, B. 142: 32.
Methods of handling, B. 142: 43-46.
Wyoming Agricultural Experiment Station

Prevention, B. 142: 46.
Reactions to tests, B. 142: 39.
Susceptibility, B. 142: 31.
Symptoms, B. 142: 36.
Tuberculin tests, B. 142: 38.
Yields, C. 14: 1.
Types in Beef Calves, B. 153.
Two-Year-Old Beef Steers, B. 155.

Use of Calcium Cyanide in the Apiary, B. 158.

Vaccination for roup in chickens, B. 172.

Vass, A.F.:
Legume Inoculation, C. 15.
Range and Ranch Studies in Wyoming, B. 147.
Rocky Mountain Head Lettuce, C. 19.
Sunflowers, Their Culture and Use, B. 129.

Vass, A. F., and Hartman, Glen:
Barley Production and Varieties for Wyoming, B. 164.
Oat Production and Varieties for Wyoming, B. 170.

Vass, A. F., and Pearson, Harry:
An Economic Study of Range Sheep Production on the Red Desert and Adjoining Areas, B. 156.

Amount of ingredients, B. 180: 4.
Comparison of low and high altitude, B. 180: 14-18.
Effect of storage, B. 180: 25-27.
Effect on color and flavor, B. 180: 19-23.
Kind of utensils and heat, B. 180: 5.
Percentage of waste in paring, B. 180: 28-29.
Preparation, B. 180: 4.
Steaming, B. 180: 10-12.

Veterinary Science Department reports and projects:

Weather reports (See Meteorology)

Wheat:
- Acreage in Wyoming, S.F. 1: 3; S.F. 2: 15.

Wheat, spring:
- Conditions affecting production, S.F. 1: 4-9.
- On fallow and fallowing small grains and corn, B. 150: 37-38.
- Production in Eastern Wyoming, S.F. 1.
- Rotations, S.F. 4: 4-5.
- Seed bed preparations, A.R. 40: 33.
- Tillage methods, B. 173; A.R. 41: 41-42.
- Yields, S.F. 1: 10-11.

Wheat, winter:
- Rotations, S.F. 4: 5-7.

Wheeler, S. S., and Hultz, Fred S.:
- Type in Two-Year-Old Beef Steers, B. 155.

Wiant, J. S.:
- Bacterial Wilt of Alfalfa, B. 177.

Willard, H. S.:
- Grain Mixtures Supplementary to Wyoming Native Hay for Milk Production, B. 182.
- Lessons from the University Dairy Herd, B. 160.
- Wyoming Native Hay for Milk Production, B. 145.

Williams, R. M., and Towle, R. S.:
- Barley Tests at the Sheridan Field Station, B. 185.

Wind breaks, A.R. 38: 160.

- At other points in the state, B. 139: 151.

Wintering Range Calves, B. 134.

Woody Aster, B. 123; B. 126: 18-19.
- Amorphous poison, physical and chemical properties of, B. 123: 60.
- Toxicity tests, B. 123: 61.
- Blood pressure work, B. 123: 64.
- Chemical and Pharmacological Examination of, B. 123.
- Ether solution poison, physical and chemical properties, B. 123: 62.
- Ether solution poison, toxicity tests, B. 123: 63.

Wool Department Reports and Projects:
Wool experiments, Effect of alkali and weathering, B. 131.
Wool fiber measurements, B. 141; B. 154: 100-114; B. 178: 7-10, 22-23; A.R.
   Comparison of microscopic and caliper measurements, B. 141: 21-27.
   Showing thickness, B. 141: 20.
Wool samples, location, B. 154: 100.
Wool scouring record, 12 months growth, B. 154: 115-116.
Wool Studies with Rambouillet Sheep, B. 154.
Wyoming Corn for Pork, B. 148.
Wyoming Forage Plants and Their Chemical Composition, Studies No. 6,
   B. 137; No. 7, B. 146; No. 8, B. 157; No. 9, B. 184.
Wyoming Hay for Milk Production, B. 145.
